Fun Idea— Take your child on a nature walk and create a *Nature Bracelet* by using a piece of packing tape like a bracelet (sticky side out). As you discover bits of nature, place them on your bracelet. When finished, you can cut off your wrist and mount on a piece of paper. Happy discovery!

Week of October 3rd—

Our Theme: Fall Leaves—Nature

Our Books: - The Leaves Are Falling One by One by Steve Metzger and Miriam Sagasti
Autumn's First Leaf by Steve Metzger

Our Art: Making a leaf rubbing print. This helps students with their fine-motor and coordination skills. We will also be doing a class collage during our first recess collecting leaves and nature items. This allows students to use their discovery, creativity and community skills and encourages vocabulary, visual focus and general appreciation for nature.
